I realize that it was the first week of keeping a scorecard for a tournament but please be sure that it is kept legible.

It is also your responsibility to verify scores or you are at the mercy of your score keeper. There were some mistakes this week which had to be corrected.

I hope that you are more careful in future tournaments. Last but not least, please make sure that the scorecard is submitted into the tournament box. There was one card not turned in which resulted in a disqualification. Your cooperation is needed, so please help us out.
